

REMARKS

Claim Rejections

Claims 1-10 are objected to as set forth in the outstanding Office Action.

Drawings

The Examiner has objected to the drawings under 37 C.F.R. § 1.83(a) insofar as the "multimedia player" recited in claims 2 and 3, were not illustrated in the figures. Since these terms have been deleted from Applicant's amended claims, it is not believed that any drawing corrections are necessary.

It is noted that no Patent Drawing Review (Form PTO-948) was received with the outstanding Office Action. Thus, except as discussed above, Applicant must assume that the drawings are acceptable as filed.

Amendments to Specification

Applicant has amended the specification as noted above to cure obvious grammatical and idiomatic inaccuracies. It is believed that the foregoing amendments overcome the outstanding objections thereto. No "new matter" has been added to the original disclosure by the foregoing amendments to the specification.

Claim Amendments

By this Amendment, Applicant has canceled claims 2 and 3, and amended claims 1, 4 and 5 to obviate the objections set forth in the outstanding Office Action. It is believed that the amended claims now specifically set forth each element of Applicant's invention in full compliance with 35 U.S.C. § 112.

In the absence of any art cited against Applicant's original claims 1-10, it is not believed that any detailed discussion of the cited prior art references is necessary.

Application No. 10/748,267

Summary

In view of the foregoing amendments and remarks, Applicant submits that this application is now in condition for allowance and such action is respectfully requested. Should any points remain in issue, which the Examiner feels could best be resolved by either a personal or a telephone interview, it is urged that Applicant's local attorney be contacted at the exchange listed below.

Respectfully submitted,
